Recognizing the 50th anniversary of the ratification of  
Pennsylvania's Environmental Rights Amendment.

Whereas the ballot measure had broad support from numerous organizations including the Pennsylvania Federation of Sportsmen's Clubs, the Pennsylvania Bar Association, the Pennsylvania League of Women Voters, and the Pennsylvania Environmental Council;

Whereas the amendment made the Pennsylvania government responsible for the environment, giving the public the ability to compel the government to act through legal means;

Whereas the ratification of the amendment established the right to a healthy environment as important and necessary as other constitutional rights in Pennsylvania;

Whereas the amendment was created to protect Pennsylvania's environment and natural resources from further devastation caused by a lack of environmental regulation for over a century; and

Whereas those in the Pennsylvania State government, specifically Representative Franklin L. Kury, worked tirelessly to pass the amendment through the Pennsylvania General Assembly and advance it on the primary ballot to provide Pennsylvania's environment with permanent protection in the Commonwealth's constitution: Now, therefore, be it
